10 YEARS OF THE PIANO GUYS

Hitting double digits has made us do a double take. 10 years and 10 albums from when we first uploaded "Michael Meets Mozart" on YouTube? It was a long shot. We were decathlete underdogs with 10 million to 1 odds: Average middle-aged dads filming classically influenced music videos in nature. Not exactly a sure-thing-shark-tank formula for success. Especially since the internet isn't always a friendly place. How could we have dreamed of surviving? How did we keep striving? We don't know everything, as our 10 teenage kids (out of 16 total) keep reminding us. But we DO know that we couldn't have made it these 10 years without the people that made it all possible.

First, our soulmates. When we've been tossed about in the sea of uncertainty inherent in this industry, when the wind and waves of self-doubt and "living the dream" fatigue have threatened to run us off course, they have been our lighthouses. Our lifelines. They have led out when we couldn't see the way forward, they have walked side-by-side with us even when we've dragged our feet. They've loved and supported us despite how far we are from being "perfect 10" husbands.

This album is dedicated to Michelle, Tracy, Rachel and Julie: For all that you sacrificed these 10 years. Thank you for every time you kissed the kids goodnight, every lunch you packed, every shoe you tied, every jacket you zipped, every wise word you shared with our children and with us, every second you spent listening to our music between listening to our worries; every personal ambition you postponed, every bit of hope you lent us, every ounce of patience you spent, and especially for every prayer you offered. Oh, how we love you -- times 10 to the 10th power.

We know these heroic and selfless women would also insist on sharing this dedication with YOU. Afterall, you have fed our children! This double album you are holding

has a history far too intricate to tell, but the fact that you are holding it means you also made these 10 years possible. Thank you for cheering for the underdog and giving us 10 million reasons each and every day to keep recording.

We would also like to thank some very special people that we have truly TENDER feelings for: David and Shelley, Winston, Joel "Juniper," Andrea, Emily, Mark Cavell and his incomparable team at Sony; Our friends at Yamaha; Dr. Ric; chuck and Jake, our TPG team: Craig, Frank, Jeremy, Jacob, Rick, Danae, Kayla, Joe, Shaye, Sean, Richard, Ben, Murph, Eric, Willis, Kris, Christian, and Josh, who heads up our online piano store (www.thepianoguyspianostore.com)

Last and most of all, we thank our loving Heavenly Parents and our Savior, Jesus Christ, for the countless answers to prayers both spoken and unspoken, both sung and unsung; for Their patience in working through imperfect "instruments;" for Their infinite love and mercy -- for Their Amazing Grace to which we have desperately clung 10,000 times over.

The journey these last 10 years has been inTENSE -- with extreme highs and lows. MANY times we've felt like giving up. Just quitting. To surmount this recurring struggle, we strive to remember WHY we do what we do and what we hope to become. We fall back on our core beliefs and values. We strive to trust. And, at times, when our faith is too fragile to trust, we hope. And when darkness crowds in around us, dimming our hope, we count our blessings and remember how many times things that seemed impossible somehow became possible. If you're fighting this fight too, we'd love for you to learn more about what we believe. Maybe it would help you like it's helped us. Please visit the "beliefs" page on our website.
